

Assembly Rooms
Case Study

Specifi

Landscape, Design & Build event, June 2016
and September 2016

Growing event: June 59 attendees,
September 108 attendees

Can you tell us more about the recent Specifi event held at the Assembly Rooms?

We hold events for architects across the country, inviting the local architect community to meet with some of the country's leading manufacturers and suppliers who can offer the most up to date products.

What made the Assembly Rooms stand out as the place to hold these events and what has been the attraction that keeps you coming back?

When looking for a venue to hold our event we try to find buildings and locations that have architectural value. We chose the Assembly Rooms as the venue is stunning and the rooms are perfect for our events. We have had many comments on the rooms, especially the fabulous chandeliers! The location is central (which is very important for us), the price is right and the staff are always incredibly helpful.

How does the venue lend itself to both a formal seminar set-up and a relaxed networking space?

This venue, in my eyes, is perfect for any event. Whether it be networking, exhibitions, and seminars or weddings and family parties, it has it all.

Have the Assembly Rooms helped you overcome any obstacles during the planning and implementation of your events?

Jane and the AR staff have been nothing but supportive from our very first event. If any problems or obstacles arise, all it takes is a phone call to Jane and her team who are always on hand to offer help and advice. Nothing is too much trouble for them.

“We chose the Assembly Rooms as the venue is stunning and the rooms are perfect for our events”
